CIR Realty

Attention: Cynthia Culhane

Dear Cynthia,

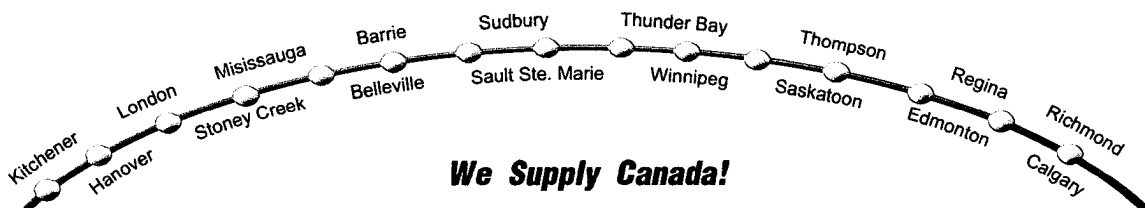

Making real estate deals from a distance can be quite a cumbersome task, but your service and professionalism made my experience in Calgary problem free. You had prepared and planned every aspect of the day to not waste any minute of my limited time schedule. Everything was impeccably planned and organized for each step of the process.

I compliment you on your professionalism and service, your performance was outstanding.

Again, thank you for making my Calgary experience such a positive one, I appreciate the time and effort you made to bring this together in such a professional manner.

Sincerely,

David Weber,  
President & CEO
